Java

## Objectives

To secure a challenging position in a reputable organization to expand my learnings, knowledge and skills.

## About Me

I'm passionate 22-year-old aspiring programmer hailing from the vibrant city of Quezon, Metro Manila, Philippines. Born on December 28, 2001, I embarked on my journey into the world of technology and coding at a young age, and my enthusiasm for this field has only grown stronger with time.

## Education

### BS in Computer Science

2021 - Present

*St. Clare College of Caloocan*

### ICT

2018 - 2020

*South East Asia Institute of Trade & Technology*

## Work Experience

### New San Jose Builders Inc.

Feb - Aug 2023

#### Property Specialist

- I excelled in online sales and marketing, leveraging my digital skills and real estate expertise to promote and sell properties effectively.

### Backbone Marketing

Jul - Dec 2022

#### Graphic Designer

- I created visually compelling marketing materials for a diverse range of clients in collaboration with our agency's dynamic team.
